

LOCATION (NOTES) & DIRECTIONS TO WAREHOUSE - 2021
PLUS NOTES ABOUT ADDRESS FOR DELIVERIES OF ITEMS SHIPPED SEPARATELY
Parish Twinning Program - Sea Container

-Call Warehouse Coordinator to confirm the address before arrival since there could always be a last-minute change in the warehouse location (beyond our control). Give an ETA/estimated time of arrival and estimated number of boxes/items to the Coordinator.

-NOTE: New address! Do not go (or ship) to previous addresses (do NOT go to Belvedere/Gils, etc.)

-(NEW) LOCATION: 2000 Midway Lane, Smyrna, TN 37167 (Rutherford County)

-GENERAL AREA OF WAREHOUSE: Nashville area/middle TN; 20 miles southeast of downtown Nashville

-NEAREST CORNER: Midway Lane and Almaville Road/Highway 102 at the Arby's; Midway Lane crosses Almaville Road in two places--one nearer to I-24, and one further from I-24.

(Warehouse is at corner of Midway Lane--where Midway turns--and an unnamed access road.)

-SIGNS: They have company signs there, but we hope to have our own signage there at that corner by the warehouse.

-WAREHOUSE NAME: ModusLink

-DOCK/BAY LOCATION: On corner of building; bays numbered 36 to 41 (bays 39 to 41 will be closest to our setup).

-DRIVE-IN DOOR/RAMP? Yes, at bay 41 with the white door. It should fit most cars or pickups but might not fit a rental truck or a moving truck. (If the yellow security poles are there, let us know, and we will have those moved while you drop off items.)

-ACCESS: Right now, it appears that those dropping off goods will be able to drop things off at the docks in our section of the building. If something changes, you might have to go to the main entrance the other side of the building (at an awning). We will let you know if a change like that is made. So, for now, just go to the docks/bays mentioned above. (Ignore the "visitor entrance" sign for now.)

-DON'T BE CONFUSED BY...the fact (again) that Midway Lane connects with Almaville Road twice and also that Midway takes a turn near our docks. Too, Almaville Road is also highway 102, and Almaville Road branches off Lee Parkway on the other side of I-24.

-IF COMING FROM THE NEAREST INTERSTATE, YOU HAVE GONE TOO FAR IF...you get to streets like Neal, High Echelon, Foxland, etc.

If lost, you can call the Coordinators:
